

AWK Group
Media Release

AWK Group successfully recruits Katharina Fulterer-Burkhart as new Partner for focus on Data & Artificial Intelligence

Zurich, 1 November 2022 – **The arrival of Katharina Fulterer-Burkhart at AWK Group sees the company expanding its competency in Data & Artificial Intelligence (AI) to provide enhanced support to customers on their path from data to value and digital transformation.**

AWK Group announces the addition of Katharina Fulterer-Burkhart to its circle of partners today. A proven specialist in the field of Data Analytics & AI, Katharina Fulterer-Burkhart also brings a distinct reputation for entrepreneurial thinking. On behalf of AWK Group, Katharina Fulterer-Burkhart will support customers throughout their digital transformation by identifying specific challenges and resolving them through sustainable solutions and added value, all devised on the basis of data analysis and the associated technologies.

Katharina Fulterer-Burkhart joins AWK Group from Boydak. Serving Boydak as lead for the Digital Lab, Katharina Fulterer-Burkhart then became co-founder of Boydak Automation AG. As partner, board member, and co-managing director, Katharina Fulterer-Burkhart led the company to a top position among firms in Switzerland specializing in automation solutions, robotics, and artificial intelligence. Earlier career moves and positions include strategy consulting and roles as program manager and consultant in the field of development cooperation. Katharina Fulterer-Burkhart holds a double master's degree in International Relations and Affairs from both the University of St. Gallen and from Institut d'Études Politiques in Paris, France.
